Radisson, Belfast, UK

## A WARM WELCOME

---

We are delighted you are viewing our latest GDC Interiors brochure. We hope our brochures continue to give you inspiration when considering your next hotel interiors project.

At GDC Interiors, we have a dedicated team to provide our clients with the best advice and direction when working on a project. We are delighted to share our industry knowledge across all aspects of designing and creating interiors, manufacturing furniture and perfectly installing the finished product.

When you are working with our expertise, the result can only be excellence.

LONDON

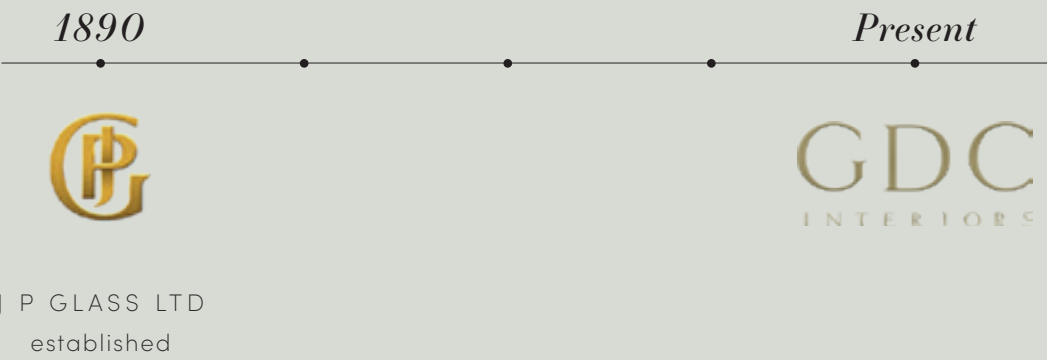

# Our History

There is a story with every business, and we are no exception - we are delighted to share our story.

Established in the city of Cork in 1890, JP Glass Ltd has evolved through the many years and is currently still trading as the holding company of GDC Interiors. With fourth, fifth and sixth generations of the family actively involved, we are dedicated to ensuring the GDC Interiors and JP Glass Ltd brands continue into the coming years and generations.

As GDC has developed into designing and delivering hotel interiors, we are continuously improving and developing our methodology to ensure we are putting our clients' requirements at the forefront.

Dromoland Castle, Clare

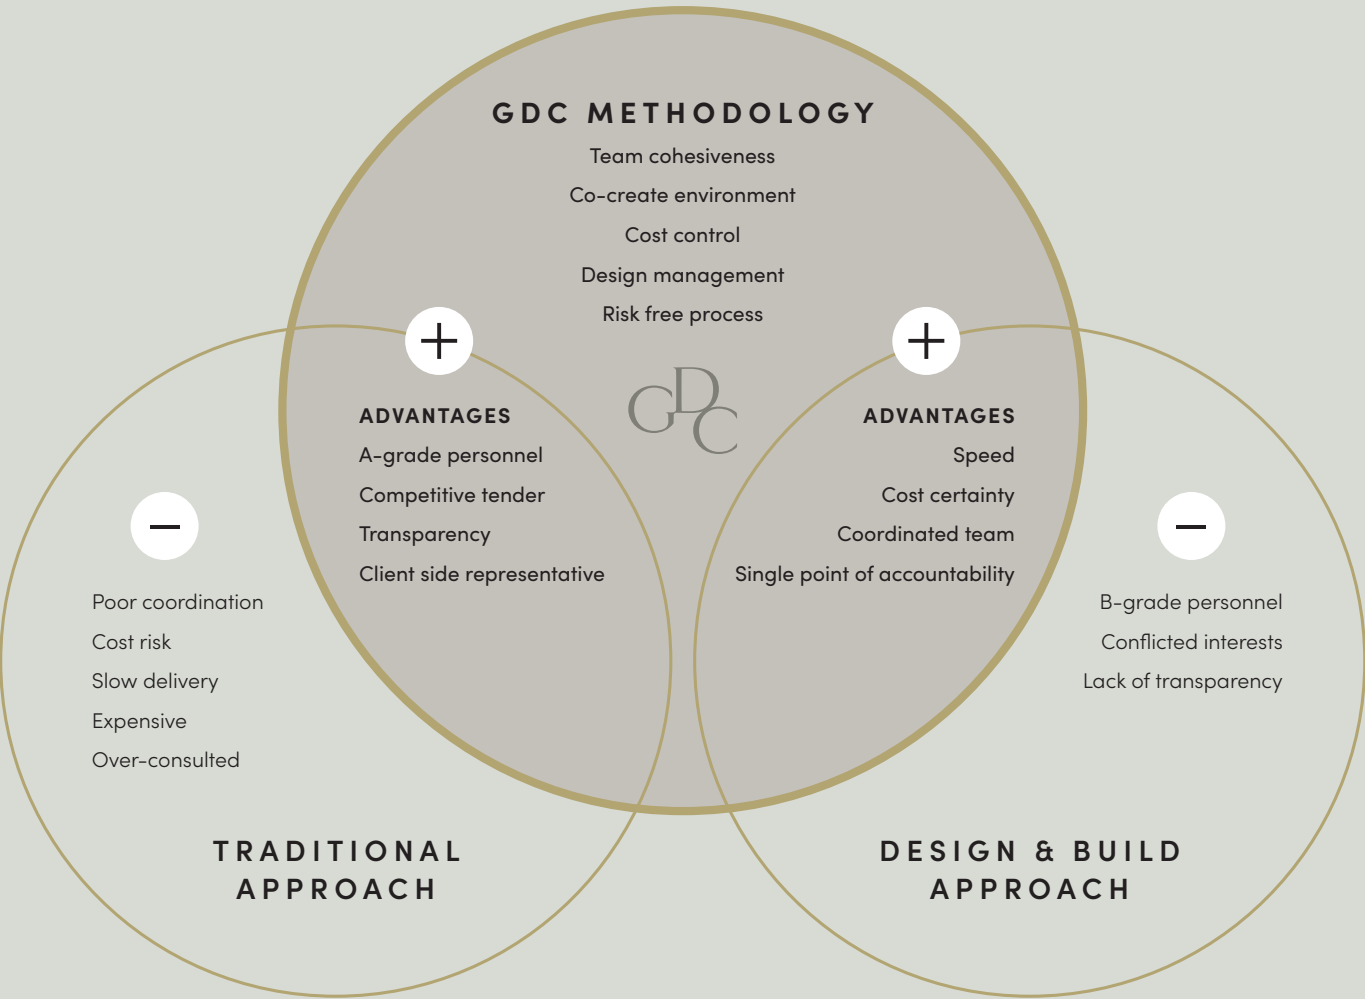

Menlo Park, Galway

# Our Methodology

At GDC Interiors, we are leading the way in how interiors are delivered.

Our methodology combines the most efficient aspects of each delivery method - the 'traditional' and the 'design & build' approach - and discards the disadvantages.

This ensures that our projects are designed to the highest standards, progressively budgeted to the client's expectations and seamlessly delivered to a reduced timescale.

# 01

## *Discover*

From the outset, it is very important we learn as much as possible about your project.

This knowledge, combined with our expertise, ensures every detail is considered and addressed.

We will discover and collaborate together to maximise the potential of your project and provide solutions for your key requirements.

# 02

## *Develop*

Development and refinement of the project brief becomes an increasingly collaborative process as we arrive at the full scope of the interior design.

As we develop the design, every project benefits from our progressive budgeting throughout, so that expectations are managed.

# 03

## *Deliver*

A seamless integration of our design and delivery teams result in high speed, low-risk installation. Our in-house construction professionals use innovative methods to deliver new interiors efficiently and sustainably. Over the years, we have built a reputation for delivering projects with maximum efficiency and with minimal disruption, which has paved the way for GDC Interiors being awarded contracts with some of the most prestigious brands in the global hospitality industry.

Ferrycarrig Hotel, Wexford

DESIGN PHILOSOPHY

## *Our Design Philosophy*

Every destination has its own story to tell. And these stories can be told powerfully through unique interior design that forms a seamless connection between people, culture and place. Mastering refined and timeless luxury creates an unforgettable and exquisite guest experience.

## *Manufacture & Installation*

We believe luxury should be built into the finest details. Our inhouse manufacturing capabilities give us the control to apply this belief, producing bespoke joinery and furnishings specifically to the design of any project. We draw on the finest materials sourced from suppliers aligned to our sustainability values. Each furniture piece is crafted to the highest possible standard, with meticulous attention to detail, ensuring durability and longevity in the most demanding environments.

# DESTINATION *Zero*<sup>®</sup>

## *Sustainability Here to Stay*

We believe in preserving our natural resources and designing for a sustainable and healthy future. We have an important responsibility to fulfil in designing and delivering spaces that balance human experience and environmental conservation. We see this as a unique opportunity to challenge traditional methods and set new standards for the hospitality industry.

- Ranges of sustainable flame retardant fabrics
- Sustainably manufactured carpets and flooring
- Traceable and sustainably sourced timber for furniture manufacturing
- Strategic delivery scheduling to reduce transport of goods
- Recycling of all packaging materials
- GDC act with future generations in mind and assume ecological, economic and social responsibility.

INTERIORS

*At GDC Interiors, it's all about:*

**Guest, Destination, Culture**

The three pillars behind the world of hospitality, also reflected in our name.

We firmly believe that truly successful hotel experiences are built around these three perspectives: the Guest; the Destination they have arrived at; and the Culture imbued by the space and its location. We strive to articulate these three factors harmoniously in the spaces we create.
